PARTYWEAR

Natural Fabric Clothing Collection

All the natural clothing collections are ready to order now for a pre-Christmas delivery if ordered by November 15th, 2021. All the designs in this catalogue have been patterned & graded to known International Body sizes using our 2D Auto CAD software & printers.

All Collections are available off the peg in the colours below

To know how to order either in our ready to go designs & pre-dyed colours or how to order your own custom designs & colours, then check out our Natural Fabric Clothing Guide.

All are available in our Shop for sampling purposes in either black or white.

Partywear

LYCRA

We selected Rayon Lycra to produce the collection using natural dyes from https://www.dystar.com in Germany. Rayon is produced from Pine or Eucalyptus trees harvested every 7 to 10 years. Indonesian Rayon is the highest grade globally & is not subjected to chemical fertilizers, offering super soft body enhancing & breathable attributes.

LOUNGE WEAR

Ready to go Designs

Loungewear

100% Cottons

We selected the highest grade of 100% Cotton Baby Terry, Fleece, Rayon Lycra & jersey available. As there is no cotton available locally, all have been imported from overseas.
We selected the most suitable fabrics matching each style.

COVER UPS

Ready to go Design

Coverups

We selected four of the best fabrics available locally, blended overseas & imported, offering a good range of textures, finishes & prices, all quite floaty. All can be plain dyed as well as digitally printed.

Fabric Prices from low to high
100% Rayon Chiffon – Similar to Bamboo but not quite so soft.
100% Cotton – thinnest of all four, see-through & super floaty.
100% Viscose – Soft touch with a slight shine
Bamboo Poplin – Super soft hand feel.

Digital Prints

We have just recently partnered with a digital print factory in Bali, using the latest imported Japanese printers & facilities. Digital printing, even one print swatch, takes several days & requires several processes to produce the high grade of print customers expect.

MOQ 50 meters per motif

We print strike-offs in one-meter sections chargeable @ $30 per meter. Allow two weeks from order to strike off, ready to dispatch for your approval.
Production runs allow two weeks for printing & 3-4 weeks to produce any PO.
